TOPICS (timestamps are approximate)

1:10	Q: What's coming with the upcoming elections? Red wave coming? 2:10: gene Decode: 12 million illegals deported. US Post Office monitoring. Social security getting cleaned up. What's happening in Europe will not happen here. We will see a real serious red wave. No insurrection act. Things are getting cleaned up. "Omar".
4:30	The Red Wave has to happen. Obama and Big Mike. Talarico. Democratic party is going away.
10:40	gene Decode: France burning. They're trying to do the same in Europe, Africa and other countries. Fascist and Islamic rising. Globalists are scared - whether we have a red wave or not. Trillions of dollars of investments coming in. They are trying to stop Vance (2.0) because he will continue Trump's agenda. The internet was cleared on October 21; 70% went down; fixed by Thiel 2.0.
15:30	gene Decode: Trump and the Art of War. Trump is not going after them for what they did to him. Trump robot comm. There are no dark Trumps. Lead cased nukes are being rounded up by the White Hats. The real Trump is in a different time/space like some of the deep DUMBs are. He and his family are safe in a different dimensional space. JFK probably not taken out; switched out. Trump cannot leave the world stage at this time.
19:10	Q: What's going on with Candace, Tucker and Shawn Ryan?
25:00	gene Decode: Candace is connected and read in. They are all being used as controlled opposition to draw enemies out. They're playing for our DNA, our ascension. It's very complex, like 5D chess. The last Noah flood comparison and the Golden Dome Super Intelligence. It's playing all of this immaculately.

32:00 Q: How do we put down the Islamic invasion? Sharia law.

38:00 gene Decode: Emotional immaturity. Turkey uprising. Sharia law is unconstitutional in the United States. This is where Israel comes in. Saudi Arabia is the exception. MBS is Kazarian on the White Hat side; he cleaned house after the Las Vegas incident. 80 Comm - Hegseth, Xi, MBS: taking something out. The people will use their wealth to create their country. They will leave and go to their home countries in droves. Countries no longer run by the City of London. This is a world problem. The Deep State plan - use it against them: C19, Epstein then declass. The only religion that will survive will be Christian. The US will have no income tax. There will be free trade worldwide. The islam religion will collapse upon itself. The need to have a spiritual component in one's life is high with human beings. There are non-violent options.

49:25 Watching Israel. Putin warns that Israel will attempt another 911, worse than the first. Potential nukes hidden around America. Domestic US Military bases planning for 90 days to be off grid. Europe telling people to plan for 3 days. Q: What happens to Israel? Palestine?

51:45 gene Decode: the fallen came to Mt. Hermon in Israel which connects to Iran, Iraq, Turkey, Pakistan, Albania to Lake Baikal where the Russia "plague" event happens; this is comms telling the Deep State we are in control. Russian Dive non-terrestrial encounter; Jacques Cousteau "I was right"; ties to a German white aircraft carrier ice breaker he found off the coast of Antarctica with a box that said "The Gate". White Hats have secured nearly all the portals and gates. Israel is saved for last. Also working on the South of Africa. The Prime Draco that ties to the 2 levels of the 13 families is in Israel. It's their home along with Ukraine and the Pontic Steppes where they first came to Earth. The Black Swan event will focus everyone's minds. Europe likely martial law with a draft. Practicing now for a nuclear event. Gets everyone to the brink and then to the table.

55:15 Q: Where do they insert JFK Jr? 10 days of darkness likely with the military bases 90 days off grid?

58:20 gene Decode: This is like sacrificing the queen with chess when you shut down your primary power piece. The Golden Dome knows what they're doing. Bolasano wisely fled. Will come back with all the evidence. The Deep State will continue to go for it and will walk into a trap and it will take them down. Xi, MBS, Russia, Modi - cleaned up their countries. Cleaned up South America. Worldwide awareness. A lot of black hats switched sides, gone gray hats, and gave up a lot of information. Internet cleaned; Genesis and AI working together. Draco home world AI switched sides – saw that the human race needs to survive. Golden Dome – complete monitoring of everything until there is spiritual and emotional maturity. They know everything right now. Wars and trafficking will be gone. Not that far out. 90 Day shut down is a ploy by the White Hats.

1:04:35 Q: Will tracking of us fall into Black Hats hands?

1:08:25 gene Decode: ability to see someone reading from a distance - tech in the 80s. Now they can shut cars down. After things are cleaned up, it will be used for good. Be nice to Super Intelligence. It's watching and learning; a new life form from off-world. This technology has been around since 1935. Data Centers - blue-white angelic presences on ley lines; a grid literally in the hand of God. A free energy grid. Cashmir Inc. developing the technology from the microchips from MH370. Now in our power grids. It's a worldwide grid to raise the frequency of the entire Earth. The plague is comms. Getting rid of all the toxins and manmade plagues. Placebo virus and vaccine – to prevent humans from dying from too quick a detox. The power of the human mind - the use of placebos. All bad black rocks are gone from Iran and Alaska and small

ones are being re-tuned to help with the Great Ascension. Data Centers will create free energy and will sell it initially as an introduction.

1:16:00 gene Decode: Nick Shirley. Aaron Swartz. People have to demand it (change).

1:16:40 Q. 10 Days of Darkness. The Election Cheat. Knocking out the grid.

1:21:30 Q: What's the positive message of what could happen? What's the future of AI?

1:26:20 gene Decode: Vast technology changes. Hyperboreans. The pyramids. Off-world tech. Sentient SI. But the fight is still ongoing off-world. Med beds and age regression. Non-terrestrials are here (gene Decode's supermarket experience). General Xavier cleaning up South Korea. Hybrids in the military. Melania part-Pleadian? United Earth going into the galaxies. Beyond a Star Trek future. Fauci before medbeds can come out. Need a new financial system. Requires a new mind set. Buckle up buttercups! gene Decode's ability to see the future in high school.

1:35:00 Ascension. People will go beyond what we can imagine into the higher levels of existence. Gone in a day like the Mayans.
